We had a discussion with the attorneys regarding OSDS & New development on June 10. I understood that the focus on June 17 was to be on additional MMs but I also included the threshold question on the agenda as well. If we aren't able to cover everything, then we will either set up another meeting or use one already scheduled where one of the technical groups are not quite ready....

Hi Jayne-

Still getting back up to speed Ex. 6 - Personal Privacy but I thought our June 17th meeting was going to be another legal discussion with attorney's about approval threshold based on the questions I sent out before I left. Have things changed?
